## Porcelain Stone<sup>®</sup>

Rock your spaces with the timeless look of volcanic stone.

Basalt porcelain tile collection takes its cues from its natural namesake, featuring fine graining, authentic undertones, and the subtle look of crystallized magma for added sophistication. Available in two modular sizes and five earthen colors, the line offers a simple yet dramatic foundation for your rock star style.

Basalt is made in the U.S.A. through Crossville's EcoCycle Tile Process<sup>™</sup>, it contains a minimum of 4% third-party recycled content and is **Green Squared<sup>SM</sup> Certified**. It's recommended for commercial and residential installations, including interior floors and walls and exterior vertical surfaces.

## Wet Dynamic Coefficient of Friction Range

UPS	0.58 - 0.68	AcuTest <sup>sm</sup>
-----	-------------	-----------------------

## Shade & Texture Index

Basalt has a shade variation of V3.

This porcelain tile product is produced with a V3 variation. Inspect the product upon delivery and for best results, blend tile from several cartons during installation.

Information listed here is subject to change. Please refer to [CrossvilleInc.com](http://CrossvilleInc.com) for the latest, most accurate information.

### Recommended Use

Basalt is recommended for interior floors, walls, countertops, and exterior walls in both residential and commercial applications. Basalt is not recommended for exterior horizontal surfaces or exterior paving. If offset pattern is required for tiles 15 inches or longer, Crossville® recommended an offset of not greater than 33%. If an offset greater than 33% is specified, specifier and owner must approve mock-up and lippage. See CrossvilleInc.com for detailed installation instructions.

### Care and Maintenance

Regular cleaning is the best way to keep Basalt tile looking good for years to come. Use clean, hot water (combined with a household cleaner for more aggressive cleaning). Rinse thoroughly and dry with a soft cloth. No waxes are needed. More information regarding the care and maintenance of Crossville® products is available at CrossvilleInc.com.

### Our Warranty

Crossville Inc. guarantees that its products will meet or exceed the performance specifications outlined in ANSI A137.1-2012 and in the performance data section of the Crossville, Inc. general product catalog. For complete details check our website at CrossvilleInc.com.

### Hydrotect

Our porcelain tiles are available with Hydrotect. Crossville's revolutionary invisible coating harnesses the power of light, water, and oxygen to create the best defense against dirt and pollution. Whether indoors or out, floors and walls stay cleaner, providing a superior experience in any space. For complete details check our website at CrossvilleInc.com.
