Wall Tile

What's your color perspective? Are you naturally neutral, pretty in pastels, or do you love to go bold and bright? Whatever direction you choose, Crossville's Color Perspectives has a point of view.

This nine color calibrated ceramic wall tile collection isn't just about hues and chromas. We have a perspective on traditional subway tile, too. The large 4"x12" tiles make a bold statement, and the upscale bevel highlights the grandiose shape, adding dimension to any room. All of this is delivered in high gloss and even higher quality...the quality you expect from a Crossville product.

Define your projects' point of view with Color Perspectives, wall tile only from Crossville.
