Porcelain Stone®

Stones at Large

Porcelain Stone®

Inspired by some of the world's most sought-after earthen materials, Crossville's Stones at Large delivers enduring luxury on a grand scale.

Featuring warm and cool colors from marble, onyx, and quartzite, Stones at Large creatively reproduces the elegance of natural stone in sizes up to 48x48 with both unpolished and polished surfaces. Because these "stones" are high-tech porcelain, you can expect the durability, stain resistance, and incredible life cycle that porcelain tile offers, while still achieving the luminescent visual depth found in nature's creations.

The collection's grandeur is scalable as the field tiles are offered not only in 48x48 but also 24x48, 12x24, and 4x12, making exquisite surfaces for floors and walls in residential and commercial applications alike.

- All colors available in polished and unpolished finishes
- Coordinating trim and mosaics for fully-finished style
- Rectified field tile
- Recommended 3mm grout joint

* Mounted on 12 x 12 sheet

Coordinating Trim

Available in all colors

Nominal (in)	Actual (mm)	Thickness (mm)	Grout Joint (mm)	Finish
4 x 24 Single Bullnose	97 x 613	8.5	3	UP/PO

4 x 24 Bullnose

Product Performance

Water Absorption	<0.50%	ISO 10545-3
Breaking Strength	≥ 35 N/mm ²	ISO 10545-4
Facial Dimension	± 0.8 mm	ISO 13006
Warpage - Diagonal	± 1.8 mm	ISO 13006
Wedging	± 0.8 mm	ISO 13006
Frost Resistance	Resistant	ISO 10545-12

Wet Dynamic Coefficient of Friction Range

UP	0.42 - 0.52	ANSI A326.3
PO	<0.42	ANSI A326.3

Shade & Texture Index

SAL02 and SAL03 has a shade variation of V2 and SAL04 has a shade variation is V3.

V1	V2	V3	V4	V1 Uniform appearance
				V2 Slight Variation
				V3 Moderate Variation
				V4 Substantial Variation

This porcelain tile product is produced with a V2 variation. Expect that the amount of color and texture on each piece may vary slightly. Inspect the product upon delivery and for best results, blend tile from several cartons during installation.

Recommended Use

Stones at Large UP is recommended for interior floors, walls, counter tops and exterior walls in both residential and commercial applications. Stones at Large PO is recommended for interior floors (dry) and walls (wet and dry) in both residential and light commercial applications. **If offset pattern is required for tiles 15 inches or longer, Crossville® recommends an offset of not greater than 33%.** See General Installation Guidelines at CrossvilleInc.com for additional installation recommendations for the 48x48.

Wet area use for Stones at Large Mosaics

Crossville® produces the Stones at Large mosaics with the unpolished finish. The ANSI A326.3 wet Dynamic COF of Stones at Large is ≥ 0.42 . Their small sizes ensure frequent grout joints which provides traction and drainage. Crossville cannot control situations involving incorrect installation, improper slope to the drain for elimination of standing water and poor surface cleaning.

This information is provided so that customers may make a realistic and informed decision when comparing Stones at Large to other tile products in wet area environments, such as residential/commercial bathrooms, showers, and interior pool decks.

Care and Maintenance

Regular cleaning is the best way to keep Stones at Large tile looking good for years to come. Use clean, hot water (combined with a household cleaner for more aggressive cleaning). Rinse thoroughly and dry with a soft cloth. No waxes are needed. More information regarding the care and maintenance of Crossville® products is available at CrossvilleInc.com.

Our Warranty

Crossville Inc. guarantees that its products will meet or exceed the performance specifications outlined in ANSI A137.1- 2022 and in the performance data section of the Crossville, Inc. general product catalog. For complete details check our website at CrossvilleInc.com.
