Alaska

Porcelain Stone[®]

The latest Frontier in Tile

Explore undiscovered regions of space with Alaska by Crossville. This subtle, modern Terrazzo look will allow you to create uninhibited design. The nature inspired, tone on tone visuals of Alaska will coordinate with other Crossville lines, and the vast size of the 24 x 48 will allow uncharted possibilities. As light passes across the tiles, catch a glimpse of shine, due to the dual finish reminiscent of true terrazzo. Digital Plus technology provides ultra realistic graphics, and the quality of Crossville products guarantees a performance unheard of in traditional materials.

Alaska's color palette will give you neutrals like no other. Range of sizes from 24 x 48 to 12 x 24, will create endless possibilities especially when paired with one of the stunning mosaics, 2 x 2 or the new 12 piece polygon mosaic. Trim pieces of a 4 x 24 bullnose along with the 6 x 12 cove base will round out your design needs.

Explore the latest Frontier in Tile with Alaska

- Coordinates with other Crossville products
- New polygon mosaic along with a standard 2x2 mosaic
- Coordinating trim
- Dual finish for true terrazzo look

Sizes & Finishes

Field Tile

Available in all colors

| Nominal (in) | Actual (mm) | Thickness (mm) | Finish |
|--------------|-------------|----------------|--------|
| 12 x 24 | 297 x 597 | 10.5 | UPS |
| 24 x 24 | 597 x 597 | 10.5 | UPS |
| 24 x 48 | 597 x 1197 | 10.5 | UPS |

Crossville recommends a grout joint of 3mm.

Actual measurements stated in inches indicate tile is calibrated (non-rectified).

Actual measurements stated in mm indicate tile is rectified.

Mosaics

Available in all colors

| Nominal (in) | Sheet Size (mm) | Thickness (mm) | Finish |
|----------------------|-----------------|----------------|--------|
| 2 x 2 Square Mosaic* | 298 x 298 | 10.5 | UPS |
| Polygon Mosaic** | 341 x 385 | 10.5 | UPS |

*Mounted on 12 x 12 sheet with 3mm grout joints

**Mounted on 13 x 15 sheet with 2mm grout joints

Coordinating Trim

| Nominal (in) | Actual (mm) | Thickness (mm) | Finish |
|------------------------|-------------|----------------|--------|
| 6 x 12 Cove Base | 150 x 297 | 10 | UPS |
| 4 x 24 Single Bullnose | 97 x 597 | 10.5 | UPS |

6 x 12 Cove Base

4 x 24 Bullnose

Product Performance

| | | |
|---------------------|------------|------------|
| Breaking Strength | >500 lbf | ASTM C648 |
| Bond Strength | >200 psi | ASTM C482 |
| Chemical Resistance | Unaffected | ASTM C650 |
| Frost Resistance | Resistant | ASTM C1026 |
| Water Absorption | <0.20% | ASTM C373 |
| Scratch Hardness | 7 | Mohs Scale |

Wet Dynamic Coefficient of Friction Range

| | | |
|-----|-------------|-----------------------|
| UPS | 0.42 - 0.52 | AcuTest sm |
|-----|-------------|-----------------------|

Shade & Texture Index

Alaska has a shade variation of V2.

| | | | | |
|----|----|----|----|----------------------------|
| V1 | V2 | V3 | V4 | V1 Uniform appearance |
| | | | | V2 Slight Variation |
| | | | | V3 Moderate Variation |
| | | | | V4 Substantial Variation |

This porcelain tile product is produced with a V2 variation. Expect that the amount of color and texture on each piece may vary slightly. Inspect the product upon delivery and for best results, blend tile from several cartons during installation.

Recommended Use

Alaska is recommended for interior floors, walls, countertops, and exterior walls in both residential and commercial applications. Alaska is not recommended for exterior horizontal surfaces or exterior paving. **If offset pattern is required for tiles 15 inches or longer, Crossville® recommends an offset of not greater than 33%.** See CrossvilleInc.com for detailed installation instructions.

Wet Area Use for Alaska Mosaics

Crossville® produces the Alaska 2 x 2 and Polygon mosaics with the Cross-Sheen® (UPS) finish. The AcuTest™ wet Dynamic COF of Alaska is ≥ 0.42 . Their small sizes ensure frequent grout joints which provides traction and drainage. Crossville cannot control situations involving incorrect installation, improper slope to the drain for elimination of standing water and poor surface cleaning.

This information is provided so that customers may make a realistic and informed decision when comparing Alaska to other tile products in wet area environments, such as residential/commercial bathrooms, showers, and interior pool decks.

Information listed here is subject to change. Please refer to CrossvilleInc.com for the latest, most accurate information.

Care and Maintenance

Regular cleaning is the best way to keep Alaska tile looking good for years to come. Use clean, hot water (combined with a household cleaner for more aggressive cleaning). Rinse thoroughly and dry with a soft cloth. No waxes are needed. More information regarding the care and maintenance of Crossville® products is available at CrossvilleInc.com.

Hydrotect

Our porcelain tiles are available with Hydrotect. Crossville's revolutionary invisible coating harnesses the power of light, water, and oxygen to create the best defense against dirt and pollution. Whether indoors or out, floors and walls stay cleaner, providing a superior experience in any space. For complete details check our website at CrossvilleInc.com.
